Dear Dean Goldschmidt,

Dr. Brown and I have both proposed the name change of the Department of Orthopedics and Rehabilitation to the Department of Orthopedics to our respective faculty and have received their support via ballots. This name change is now appropriate since there is a full-fledged Department of Rehabilitation Medicine in the School of Medicine. The name change will prevent overlap and confusion within the University of Miami at large.

Sincerely yours,

Diana D. Cardenas, MD, MHA  
Professor and Chair  
Department of Rehabilitation Medicine

RE: Department Name Change

Dear Dr. Mian,

I would like to request the School Council/Faculty Senate's approval to change the name of the Department of Orthopedics and Rehabilitation to the Department of Orthopedics.

Attached is a letter from Drs. Diana Cardenas and Mark Brown requesting the proposed name change. As stated in their memo, they have received support from their respective faculty via ballots. I am in full agreement that the requested name change will prevent overlap and confusion within the University of Miami, since we now have a full-fledged Department of Rehabilitation Medicine. The double name "Ortho/Rehab" has created a confusion for the Department of Rehabilitation Medicine from such areas as the non-medical portions of the University, on financial reports, their status on the web, problems with recruiting new faculty and having to differentiate the two departments.

I appreciate your consideration of this request. Please feel free to give me a call if you should have any questions.

With best regards,

Pascal J. Goldschmidt, M.D.  
Senior Vice President for Medical Affairs and Dean
