Subject: Faculty Senate Legislation #2010-13(B) – Re-approval of The Wallace H. Coulter Center for Translational Research (WHCC)

On February 26, 2006, the Faculty Senate approved the establishment of The Wallace H. Coulter Center for Translational Research (WHCC) (Legislation #2005-08(B)) with the proviso that there would be a periodic review in five years. At the March 23, 2011 meeting of the Faculty Senate, the Provost reported that the Center was active.

Although the review period can be anytime up through ten years, it has been the policy of both the Faculty Senate and the Provost, absent a strong reason to the contrary, for such reviews to take place after five years.

The Faculty Senate unanimously approved the Provost's proposal for the next review of this Center to take place in five years.

This legislation is now forwarded to you for your action.
