\*\*\*\*\*

The Faculty Senate, at its March 30, 2016 meeting, had no objections to the recommendation for the disestablishment of the College of Engineering International Fibrous Concrete Institute.

The Senate voted to approve the establishment of the College of Engineering International Fibrous Concrete Institute on April 25, 1988, in Legislation #87030(B), but the institute has become inactive. Upon the recommendation of the Provost, the Senate agrees it should be disestablished.

This legislation is now forwarded to you for your action.
