Will all the courses listed be offered every year?

Yes, the required courses are offered each year.

Can I count courses toward multiple certificates?

Yes. While each certificate requires three courses, some courses exist in more than one. You may count up to two of the same courses towards a second certificate. However, you are restricted to a maximum of two certificates from any one area of concentration.

Can I substitute a course that is not listed on the certificate?

No. Only those courses specifically listed in the certificate can be counted. We do not accept course substitutions or transfer credits.

Our certificates are standalone credentials, but you can count one certificate toward a degree if you are later accepted into one of our degree programs. Please note that our degrees have specific admission, GPA, grade, and course requirements.

I am an international student. Can I come to campus?

No. Frost Online certificates are completely online. F-1 student visas are not available for online study.
