MEMORANDUM

To: Julio Frenk
University President

From: Tomás A. Salerno
Chair, Faculty Senate 

Date: August 31, 2018

Subject: Faculty Senate Legislation #2018-08 (B) – Re-approval of the Hussman Institute for Human Genomics at the Miller School of Medicine

(Originally established through Legislation #2007-39(B) – Miami Institute for Human Genomics (MIHG) at the Miller School of Medicine: Name changed through Legislation #2009-32(B) – Name change to Hussman Institute for Human Genomics at the Miller School of Medicine (HIHG))

The Faculty Senate, at its August 29, 2018 meeting, unanimously approved the recommendation of the Provost for the re-approval of the Hussman Institute for Human Genomics at the Miller School of Medicine,

Although the review period can be any time up through ten years, it has been the policy of both the Faculty Senate and the Provost, absent a strong reason to the contrary, for such reviews to take place after five years. The proposal was approved for another five years (following past precedent).

This legislation is sent to you for your action.

TAS/rh

cc: Jeffrey Duerk, Executive Vice President and Provost
