COMMITTEE CHARGE (6/01/2019 Faculty Manual Section B4.14):
The UNIVERSITY CURRICULUM COMMITTEE evaluates all substantive changes in the undergraduate curriculum. Proposals for new undergraduate degrees, majors, minors, and certificates must be reviewed by the Committee prior to their referral to the Faculty Senate. New cognates and cognate designations, any modifications to a cognate, and any changes to the cognate designation of a major or minor must be approved by the Committee before implementation. The Committee is also responsible for recommending university-wide policies relating to undergraduate programs. The Committee will meet at least three times during each fall and spring semester. When the Committee determines that a curricular change appears either to conflict with an established program elsewhere in the University or to raise some other serious academic concern, the Committee shall notify and consult with interested schools and departments. Unresolved conflicts shall be referred to the Faculty Senate. The Committee also sets standards for the exemption of required courses and for the certification of courses and course sections that will satisfy the various General Education Requirements. It also reviews and certifies the specific courses and course sections that will satisfy the various requirements. The Committee shall include at least one representative from each undergraduate school. Members of the Committee shall serve staggered three-year terms. A representative from the Richter Library, the Senior Vice Provost and Dean of Undergraduate Education, and a member of the General Welfare Committee shall be ex officio non-voting members. The Committee shall make an annual report to the Faculty Senate on its activities as well as on curricular developments within the University. At least every five years the Committee shall conduct a review of the General Education Requirements and recommend to the Senate whatever changes may be appropriate.
